UNIVERSITÉ DE LORRAINE

# Technological innovation and techniques in surgery training

## SURGICAL SIMULATION

A European workshop

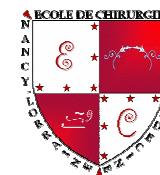

### Nancy : 17-28 March 2014

20 march 2014

Course director  
Pr. L. Brunaud

Digestive Surgery

ROBOTIC MASTER CLASS IN BARIATRIC SURGERY

**8h30** Welcoming : *L.Brunaud, L..Bresler, N.Reibel, C.Perrenot, N.Tran, R.Frisoni*

**8h45** Presentation of the workshop : *L.Brunaud*

**9h-10h30**

Theoretical Aspect :

- Which technique for which patient ? (Gastric By-Pass, Sleeve Gastrectomy, Duodénal switch) : *N.Reibel*
- Robotic assisted gastric By-Pass : surgical techniques- step by step and outcomes : *L.Brunaud*
- Cost of robotic assisted gastric By-Pass : *L.Brunaud*

**10h30 -12 h30**

- Groupe I : Dry-lab Training with MIMIC® simulators / Live surgery broadcast
- Groupe II : Wet-lab Training with pig model on Da Vinci robot

**12h30-13h30** Lunch

**13h30-15h30**

- Groupe I : Wet-lab Training with pig model on Da Vinci robot
- Groupe II : Dry-lab Training with MIMIC® simulators / Live surgery broadcast

**15h30** Debriefings - Conclusion : *L.Brunaud*
