Email: info@acrs2015hk.org

Dear all,

It is our great pleasure to invite you to participate in the Inaugural Asian Congress of Robotic Surgery which will be held from December 16-17, 2015 at the New World Millennium Hotel, Hong Kong.

The development of robotic surgery has been increasing in prevalence in Asia. In the past few years, the field of robotic surgery has expanded significantly, promoting the need for a meeting at which specialists could exchange ideas, share insights and learn new techniques. The societies of robotic surgery in China, Hong Kong, Japan, Korea and Taiwan have come together and established the Asian Congress of Robotic Surgery. Hong Kong is proud to be the host of the very first meeting.

Robotic surgery in Asia is developing and expanding rapidly and will undoubtedly become a major part of surgical practice in coming years. We hope that by meeting regularly, we will have the opportunity to discuss new ideas, experiences and state-of-the-art technologies that are essential for optimising care for our patients.

The Congress will have a collection of key opinion leaders and clinicians in this field, and will present a cutting edge view of the current knowledge and practice. Graced by numerous renowned speakers, the congress will be an excellent occasion for us to get updated on novel discoveries and techniques.

Hong Kong is a vibrant cosmopolitan city with unique opportunities for sightseeing, shopping, dining and entertainment. We are sure that you will have a wonderful time here!

We look forward to welcoming you in Hong Kong in 2015.

Dr. Chung Ngai TANG
Congress President
